

CAL FIRE DESIGNATED SENSITIVE POSITIONS (1000)

(No.157 October 2011)

(Additional classifications may be added in the future)

All of the classes shown are subject to reasonable suspicion testing under State regulations. In addition, the classes with asterisks are also subject to random, reasonable suspicion, pre-employment, post-accident, return-to-duty and follow-up testing as required under Federal Regulations 49 CFR Parts 382, et al and 49 CFR Part 40 for drivers of commercial motor vehicles.

In addition to the asterisked classes, employees who drive vehicles requiring a commercial driver's license (excluding firefighting vehicles that can be driven by firefighters with a restricted firefighter license) are also subject to the federal drug/alcohol testing regulations. Units must identify employees in these categories to the Substance Testing Program Coordinator.
