

RESPONSIBILITIES OF INCIDENT COMMANDER

1816

(No. 19 December 1998)

On CAL FIRE controlled incidents, it is the responsibility of the IC to ensure that the patient receives proper on-site treatment and is evacuated. To accomplish this, the IC may use whatever staff is necessary (e.g., Nurse Practitioner, Safety Officer, Medical Unit Leader, etc.). The IC will coordinate evacuation and transportation with the ECC. On non-CAL FIRE controlled incidents, the designated agency representative or highest ranking CAL FIRE officer will assist the IC in coordinating the evacuation.
