

## **MAINTENANCE**

**2742**

(No. 15 January 2001)

All FEPP shall be protected and maintained in the same manner as state or Contract County purchased equipment and supplies. Items stored outside should be covered and protected from the elements. Property shall be serviced in accordance with manufacturer's specifications. If funds are not available in the unit maintenance budget to repair excess property, excess property should not be acquired. The federal guidelines on FEPP repairs indicate that if repairs exceed 65 percent of acquisition cost (original purchase price), units should request replacement of the item.
