

COST SHARE AGREEMENT (3800)

FOR THE SAMPLE INCIDENT

ADDENDUMS A AND B

(No. 29 March 2006)

Addendum A

Structure Protection

Based on Division Assignments for structure protection, eleven OES Strike Teams were used on the fire. They are broken down on Division U, T, and I, which covers the area from Cohasset to Camp Bellville.

The following strike teams were used: ST 2100A, ST 2800A, ST 4860A, ST 2801A, and ST 6441A off and on from August 6 to August 15. Total strike team commitment was eleven strike teams at \$10,500.00 per day for a total of \$115,500.00.

This information will be used to separate cost of structure engines from CAL FIRE's total fire suppression cost billing to BLM.

Addendum B

Rehabilitation

Separate cost for Rehabilitation will be given after 0800 on August 19, 1990 daily. These costs are reflected on the Activity Reporting and Cost Operating Expenses Report.

The fire rehabilitation costs were tracked daily assigning value, according to the jurisdictional responsibility.

BLM's involvement ended at 0800 August 19, 1990. The Activity Reporting and Cost Operating Expenses Report, which contains the costs incurred after that date, should be subtracted from the total costs before computing BLM's share.
