

FC-11 EMERGENCY FIRE TIME RECORD SUMMARY

3869

(No. 29 March 2006)

The FC-11 is used to consolidate all FC-42 pay documents for pickup labor on reimbursable incidents. The document requires each emergency worker's name, the FC-42 number the individual was hired on, the number of hours for which the person was paid and the gross dollar amount paid. Totals from this summary could be entered into the ARC directly; however, the best method of entering FC-42 information is to import it into the ARC.
