

## FIRE PROTECTION TRAINING GUIDE - FIRE CAPTAIN

(No. 16 June 2001)

### MINIMUM QUALIFICATIONS

License and Education: Possession of a valid California driver's license of the appropriate class issued by the Department of Motor Vehicles. Applicants who do not possess the license will be admitted to the examination but must secure the license prior to appointment.

and

Experience: Three years of permanent full-time experience in California state service performing the duties of a Fire Apparatus Engineer or Fire Apparatus Engineer (Paramedic) and successful completion of the corresponding California Firefighter Joint Apprenticeship Committee Program. (Applicants who are within six months of satisfying the experience requirement will be admitted to the exam but must successfully complete the apprenticeship program before appointment.);

or

Three years of permanent full-time experience in the California state service performing the duties of a Fire Apparatus Engineer with an appointment to the class prior to the initiation of the California Firefighter Joint Apprenticeship Committee Program on July 1, 1983;

or

Applicants who gained employment with the California Department of Forestry and Fire Protection by Board Resolution may compete if they have three years of permanent full-time experience as a Fire Apparatus Engineer or Fire Apparatus Engineer (Paramedic) but must successfully complete the apprenticeship program before appointment or receive SubJAC certification of journey level status. [Experience with the California Department of Forestry and Fire Protection may be combined with prior Fire Apparatus Engineer or Fire Apparatus Engineer (Paramedic) experience to meet this requirement.] (Applicants who are within six months of satisfying the experience requirement will be admitted to the exam but must successfully complete the apprenticeship program before appointment or receive SubJAC certification of journey level status.)
