- Emergency Resp. Elec. Veh.
- Pipeline Safety
- Trench Rescue
- River & Flood H2O Rescue

- CFFJAC
- Terrorism Consequence Management

(SFM classes: must take level 1 before next in series)

SUBSTITUTE TRAINING: If an apprentice has satisfied a JAC training requirement within the last 5 years, he/she may be approved to replace the required training with a course from this "Substitute Training" list. The substituted training must be equal to or greater than the length of the required training course. When documenting a substituted course on the Monthly Training Report Form, the apprentice **MUST** enter the JAC Code for the required training (in other words the course he/she has already taken). In the "Course Name" column of the form, enter the course name of the substituted training. Example: If an apprentice has already attended the Air Brakes (HJAA) and has been approved to substitute training, he/she will enter "HJAA" in the JAC code column and note in the "Course Name" column: Substituted with "name of course".
