HOSE

TOPIC: How to Make a Double Donut Hose Roll - Two Person Method

TIME FRAME: :15

LEVEL OF INSTRUCTION: Level II

BEHAVIORAL OBJECTIVE:

Condition: One length of hose with male and female couplings

Behavior: The student will roll hose using a double donut roll, two person method.

Standard: Within a minimum of 80% accuracy within two minutes

MATERIALS NEEDED:

- Two students
- One (1) section of hose with male and female couplings
- One (1) hose rubber band or other securing device
- Performance examinations
- Individual score sheets
- One (1) stop watch
- One (1) clip board
- One (1) red pen

REFERENCES:

- IFSTA, Hose Practices, 7th Edition, Chapter 4
- IFSTA, Essentials of Fire Fighting, 5th Edition, Chapter 13

PREPARATION:

The double donut hose roll makes a compact roll for long lengths of hose and allows easy access to both couplings on the outside of the roll.

HOW TO MAKE A DOUBLE DONUT
HOSE ROLL-TWO PERSON METHOD

OPERATIONS	KEY POINTS
1. Lay out hose	1a. Flat
	b. Straight
	c. Fully extended
2. Carry either coupling	2a. Toward other coupling
	b. Until couplings are even and adjacent
	c. Folding hose in half
3. Cross hose	3a. Every 20 feet
	b. Keeps rolls together
4. First person takes position	4a. At fold in hose
	b. Facing couplings
	c. On knees
5. Second person takes position	5a. Five (5) feet closer to coupling than first person
	b. Facing first person
	c. Straddling hose
	d. Bent at waist or knees
6. Fold hose	6a. In preparation for rolling
	b. Double hose over on self
	c. Forming triangle pointing at first person
7. First person rolls hose	7a. Both segments
	b. Toward the couplings
	c. Maintaining alignment
	d. Hand over hand
	e. Keeping outer edges even
8. Second person assists in rolling hose	8a. Backing
	b. Maintaining five (5) foot interval
	c. Keeping hose halves together

HOW TO MAKE A DOUBLE DONUT
HOSE ROLL-TWO PERSON METHOD

OPERATIONS

KEY POINTS

9. Lay roll on side

10. Secure rolled hose

11. Store hose

d. Removing slack

e. Keeping crosses in place

9a. Upon reaching couplings

b. Flatten sides of roll

10a. Using rubber bands, string or other restraining device

11a. In designated area or compartment

HOW TO MAKE A DOUBLE DONUT
HOSE ROLL-TWO PERSON METHOD

APPLICATION:

Students to practice until proficient.

EVALUATION:

A performance examination.

ASSIGNMENT:

To be determined by instructor(s).
