

LIMITED LICENSE

5435

(No. 3 June 1991)

A timber operator harvesting only minor forest products may apply for and be issued a limited timber operator license. Minor forest products are Christmas trees, tanbark, fuelwood, root crown burls, posts and split products (but not poles), piling, sawlogs, veneer logs, and pulp logs.

An application for a limited timber operator license should be made on the same application form (RM-3) as that used for the timber operator license. The fee for a new limited license is \$35.00, and the annual renewal fee is \$25.00. The renewal time schedule is the same as for the timber operator license ([see Section 5433](#)).

A limited timber operator license will be processed and administered in the same manner as a timber operator license except for the fee charged. The operator, of course, may use the license only for the products indicated.
