

## **SPECIFICATIONS**

**6731**

**(January 1988)**

Prior and current year CDF equipment specifications are established, maintained, and filed in the Sacramento MEM office. The system identifies a specification by the X type, the purchase year, the equipment model and/or the specification series.

- 5X-86-09 = fire engine cab/chassis, FY 1986/87 - Model #9 F.E.
- 5C-86-09 = fire engine body/construction FY 1986/87- Model #9
- 5X-86-09A = revised specifications of 5X-86-09 same year.

Other specifications, primarily for components, will substitute an alphabetical designation in lieu of the X (e.g., HT [Helitack] P [pump], PB [pickup box], etc.).
