

SPECIAL WARNING DEVICES (BACKUP ALARMS)

6841

(No. 6 February 1990)

Backup alarms are required on all CDF equipment beginning with one-ton highway equipment, i.e., graders, dozers, loaders, and other types of equipment, where backward movement would constitute a hazard to employees working in the area. The alarm must be operational at all times and be inspected for satisfactory condition during each inspection. (Ref: [Fix-N-Fax No. 13](#), Dec. 1985.)
