

FIX-N-FAX #124-A

CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION

No. 124-A

Date: December 1995

Revised: October 1996

Vinyl Lettering and Numbers (Price Schedule)

Delta Conservation Camp can provide all Administrative Units and Local Government Agencies pre-cut vinyl lettering and numbers for vehicle markings. A variety of colors are available along with reflective and nonreflective materials. For custom/special orders along with products not listed, call for information to Captain Bob Coolidge at (707) 428-4461 or FAX at (707) 428-0925.

18" Roof Numbers	---	\$ 3.00 ea
24" Roof Numbers	---	\$ 4.00 ea
30" Roof Numbers	---	\$ 5.00 ea

REFLECTIVE VINYL STRIPPING

4" perimeter stripe material \$1.00 per foot

WARNING: Delta Camp reports a potential problem when handling and storing reflective numbers and letters. The adhesive bond increases in strength, with time, between the reflective vinyl material and the transfer tape. The increase can make the transfer operation pull and stretch the vinyl material. The result creates bubbles between the contact surface and the reflective material. Experts recommend that you avoid storing precut reflective numbers and letters for long periods of time. The recommendation is no longer than one (1) month. The problem doesn't occur every time, but numbers 6" and larger are the most likely to be affected. At this time, turnaround time for orders from the camp is one (1) week.

All orders must be accompanied by an M.R.T. with Document Number. Submit to CDF - Delta Conservation Camp, 6246 Lambie Road, Suisun City CA 94585.
