REQUESTING OF OTHER CALIFORNIA STATE RESOURCES TO CAL FIRE INCIDENTS

8164.1

(May 1995)

The resources of other State of California agencies are occasionally needed for incident operations. Unless there are specific agreements in place, requests for these resources must be placed by the ECC, through the Region CC, and to the Sacramento CC, which will place the order with the OES Warning Center under the terms of the California Emergency Plan.

TASKING OF CAL FIRE RESOURCES
