

NOTIFICATIONS - OTHER AGENCIES

8183

(April 2010)

Command Centers (CC) may be required to notify other cooperating agencies concerning emergency incidents or pursuant to routine daily business operations. Notifications are commonly done by either radio communications or by telephone. Requests may be generated by Incident Commanders, CAL FIRE employees or directed by operating plans, and / or local Standard Operating Procedures (SOP). Contact numbers vary by agency and by command center. The CC's shall maintain a ready reference of telephone numbers for all agencies and organizations necessary to perform daily emergency and routine operations.
