

RADIO MAINTENANCE AND INSTALLATION **8385**
(Revised September 2001)

INSTALLATION RESPONSIBILITIES **8385.1**
(Revised September 2001)

CDF aircraft shall arrive on base with radios installed and checked out for proper operation.

The installation of all radio equipment in contract aircraft will be governed by the contract with that vendor. CDF Telecommunications staff will insure that the radio is properly programmed.

AUTHORITY FOR REPAIR OF CONTRACTORS' RADIOS **8385.2**
(Revised September 2001)

The maintenance of all radio equipment in contract aircraft will be governed by the contract with that vendor.

Minor repairs and/or modifications may be made by state communications technicians to contractor's radio equipment to attain the desired quality of communications, when technical services are not readily available to the contractor. Authority to perform such work has been given by the Office of Telecommunications, Department of General Services. For restrictions and details, see radio maintenance memo RM 77-OP-16.

RADIO TECHNICIAN REQUESTS **8385.3**
(Revised September 2001)

All requests for radio technician services shall be placed with the appropriate ECC.
