

PURPOSE

(No. 49 February 2005)

8561

The goals of CFAA are to accomplish the following:

- Advance forest resources management.
- Encourage timber production.
- Prevent and control insects and diseases affecting trees and forests.
- Prevent and control of rural fires.
- Use wood and wood residues efficiently, including recycling wood fiber.
- Improve and maintain fish and wildlife habitat.
- Plan and conduct urban forestry programs.
