

## **EXHIBITS AND DISPLAYS**

**9160**

(1987)

CDF has numerous displays throughout the state. It is intended that these displays be scrupulously maintained and made available for exhibition anywhere in the state. Sources of displays are numerous. Most agencies, individuals, or groups are happy to have someone make arrangements for the use of their displays. A few examples of the sources where displays, accessories, and models are available are listed for your guidance.
