

**FIREWORKS AND EXPLOSIVE RENDER
SAFE PROCEDURES**

9435

(February 2002)

The particular Render Safe Procedure (RSP) to be employed in any given situation shall be governed by training and experience of the Hazardous Device Technician, and the location, and type of device. It is recommended that a remote technique be employed whenever practical. Hand entry techniques should be avoided and not used solely to protect evidence or property.

Render Safe Procedures are confidential. Any disclosure of Render Safe Procedures requires prior approval from the Region Arson-Bomb Supervisor.
